Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

In light of recent comment letters issued by the U.S. Securities and Exchange Commission (the “SEC”), the management of Cartesian Growth Corporation (the “Company”) has re-evaluated the Company’s application of ASC 480-10-S99-3A to its accounting classification of its redeemable Class A ordinary shares, par value \$0.0001 per share (the “Public Shares”), issued as part of the units sold in the Company’s initial public offering (the “Offering”) on February 26, 2021. Historically, a portion of the Public Shares was classified as permanent equity to maintain net tangible assets greater than \$5,000,000 on the basis that the Company will consummate its initial business combination only if the Company has net tangible assets of at least \$5,000,001. Pursuant to such re-evaluation, the Company’s management has determined that the Public Shares include certain provisions that require classification of the Public Shares as temporary equity regardless of the minimum net tangible assets required to complete the Company’s initial business combination.

Therefore, on November 12, 2021, the Company’s management and the audit committee of the Company’s board of directors (the “Audit Committee”), after consultation with Marcum LLP (“Marcum”), the Company’s independent registered public accounting firm, concluded that the Company’s previously issued (i) audited balance sheet as of February 26, 2021, as previously restated in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2021, filed with the SEC on May 24, 2021 (the “First Quarter Form 10-Q”), (ii) unaudited interim financial statements included in the First Quarter Form 10-Q and (iii) unaudited interim financial statements included in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2021, filed with the SEC on August 10, 2021 (collectively, the “Affected Periods”), should be restated to report all Public Shares as temporary equity and should no longer be relied upon. As such, the Company has restated its financial statements for the Affected Periods in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2021, filed with the SEC on November 15, 2021 (the “Third Quarter Form 10-Q”), as described therein.

The Company does not expect any of the above changes will have any impact on its cash position and cash held in the trust account established in connection with the Offering (the “Trust Account”).

The Company’s management has concluded that in light of the classification error described above, a material weakness exists in the Company’s internal control over financial reporting and that the Company’s disclosure controls and procedures were not effective. The Company’s remediation plan with respect to such material weakness is described in more detail in the Third Quarter Form 10-Q.

The Company’s management and the Audit Committee have discussed the matters disclosed in this Current Report on Form 8-K pursuant to this Item 4.02 with Marcum.
